In conformity with Sections 27-31-30 and 27-31-100 of said Act, Grantor sets forth the following particulars:

l. Condominium Unit means a part of the property intended for any type of independent residential use including one or more rooms or enclosed spaces located on one or more floors, or parts thereof, in a building with a direct exit to a common area leading to a public street or highway as used herein "Unit" shall have the same meaning as "Apartment" under the Horizontal Property Act.

m. Unit shall mean a part of the property which is subject to private ownership and independent use and shall include Condominium Units, Boat Slip Units and other type units which shall have the same meaning as "Apartment" under the Horizontal Property Act.

II. DESCRIPTION OF LAND. The land and submerged land which is hereby submitted to the Regime is described in Exhibit "A" which is attached hereto and made a part hereof.

III. DESCRIPTION OF BUILDING. The Grantor has recently completed or caused to be completed on the above described parcel of land one (1) building of 14,755 square feet, which contains twelve (12) individual Condominium Units, and one (1) building of 10,716 square feet, which contains nine (9) individual Condominium Units.

The horizontal and vertical location of the buildings and other improvements within the property boundary are particularly

shown and delineated on the plat attached hereto and designated as Exhibit "B", which is expressly made a part hereof and incorporated herein by reference. The location of the buildings and other improvements and the dimensions, area, and location of each of the Condominium Units are shown on the plot plan, floor plans and narrative description attached hereto as Exhibit "C", which are expressly made a part hereof and incorporated herein by reference.

IV. DESCRIPTION OF CONDOMINIUM UNITS. Exhibit "C" delineates the dimensions, area and location of each Condominium Unit. Each Unit consists of:

(1) The volumes or cubicles of space enclosed by the unfinished interior surfaces of perimeter walls, ceilings, and floors of the Unit, including the surfaces of load bearing interior walls, vents, chimneys, doors, windows, and such other structural elements that ordinarily are regarded as enclosures of space, and excluding the interior walls containing conduits and wiring for utilities.

(2) All interior dividing walls and partitions including the space occupied by such walls or partitions, excepting, however, load bearing walls.

(3) The decorated interior surfaces of said perimeter walls and the decorated surfaces of interior walls, including load bearing walls, floors, and ceilings consisting of, as the case may be, wallpaper, paint, plaster, carpeting, tiles, and all other finishing materials affixed or installed as a part of the physical structure of the Condominium Unit.

(4) All fixtures, mechanical systems, and equipment installed in said Condominium Unit and intended for the sole and exclusive use of the Condominium Unit. No pipes, wires, conduits, or other utility lines or installations constituting a part of the overall systems designated for the service of any other Unit, nor structural members or portions of any of the Condominium Unit, nor any other property of any kind, including fixtures and appliances within the Unit, which are not removable without jeopardizing the soundness, safety, or usefulness of the remainder of the building, shall be deemed to be a part of any individual Condominium Unit.

V. DESCRIPTION OF BOAT SLIPS. Each Boat Slip shall consist of an individual docking area, the dimensions and location of which would be shown on Exhibit "D" if any Boat Slips were included in Phase I. There are no individual Boat Slips in Phase I. Grantor reserves the right to transfer an Owner to a similar size Boat Slip in another dock if the Owner consents thereto in the Boat Slip Sales Agreement. The boundaries of the individual Boat Slips are as follows:

(1) Horizontally the boundaries shall be from the

surface of the water in the Marina to the height necessary to accommodate the boat. Since the space is open the top boundary shall vary according to the amount of space necessary to accommodate the height of the boat. Likewise, since the water level shall vary with the tide the bottom boundary shall vary to the location of the surface of the water.

(2) The vertical boundary shall run from the exterior of the adjoining finger dock to the exterior of the main dock, then to a line halfway between the finger docks, then to a line at the last mooring piling.

VI. COMMON ELEMENTS. Common Elements as the term is used herein shall mean and comprise all of the real property, tennis court, swimming pool, main docks, finger docks, walkways, gangways, pilings, and other improvements and facilities of the Regime other than the Condominium Units and Boat Slips as defined above. The ownership of each Unit shall include an undivided share in and to the Common Elements as set forth in Paragraph VII. It is the intention of the Grantor hereby to provide that the Common Elements in the Regime shall be owned by the Owners of the Units as tenants-in-common, the undivided share of each Owner being as stated hereafter.

Portions of the Common Elements are hereby set aside and reserved for the restricted use of the respective Unit to the exclusion of the other Unit, or reserved to the restricted use of a particular group of Units (i.e. the boat slip units) and such portions shall be known and referred to as "limited Common Elements". The limited Common Elements restricted to the respective Unit are those portions of any walls which are deemed to be Common Elements and which are within the individual Condominium Units, stairs, balconies, patios, and all other Common Elements which are peculiar or limited to the use of particular groups of Units. The term "Common Elements" when used throughout this instrument shall mean both general and limited Common Elements.

VII. UNIT OWNERSHIP AND APPURTENANT INTEREST IN COMMON ELEMENTS. Each Unit shall be conveyed and treated as an individual property capable of independent use and fee simple ownership, and the Owner shall own, as an appurtenance to the ownership of said Unit, an undivided interest in the Common Elements, the undivided interest appurtenant to each Unit being that which is set forth in Exhibit "E" hereto. The percentage of undivided interest in the Common Elements assigned to each Unit shall not be changed except upon the expansion of the Regime to include the Phases as set forth herein or with the unanimous consent of all the Owners, provided, however, that Grantor may make changes in the Phases as they are added which may cause the percentage ownership in the Common Elements to differ slightly from the proposed schedule.

VIII. PHASES AND EASEMENTS THEREFOR. The Grantor's general plan of development for the REGIME is that the Condominium Units and the Boat Slips shall be submitted in THIRTY (30) phases. The first phase of the Regime would be ONE (1) building containing TWELVE (12) Condominium Units (herein "Phase I") located on the land described in Paragraph II. The next Phases (herein "Future Phases") would consist of buildings and boat slips which would be located on the adjacent land in the The Yacht Club at Lightkeepers Village Development. The percentage interest in the Common Elements of each Owner upon the submission of the subsequent Phases to the Regime is set forth in Exhibit "G" attached hereto.

1/15/2003
↑
The Grantor shall have the right to add the Future Phases to the Regime. In the event the Grantor exercises its right and option to add any or all of the Future Phases, the property of said phase will become an integral part of the Regime once an appropriate amendment to this Master Deed has been filed as hereinafter provided. The Grantor reserves the right to alter the sequence or order of introducing phases into the Regime. Further, there is reserved by the Grantor, for itself, its successors and assigns, in, over, across, under and upon the properties of the Regime, all easements and right of ingress, egress, and use necessary and convenient for the construction of the said Future Phases, which such easements shall remain in full force and effect for such time as the Grantor retains the option of submitting the said Future Phases to the Regime.

The Grantor hereby reserves unto itself, its successors or assigns, the right and option, to be exercised at its sole discretion, to submit the Future Phases, to the provisions of this Master Deed thereby causing the Future Phases to become and be a part of the Regime. The Grantor may exercise this right or option as to the Future Phases, no later than ten (10) years from the filing of this Master Deed. The said Phases shall be added only upon execution by the Grantor, its successors or assigns, within the time specified herein, of amendments to this Master Deed which shall be filed for record in the Office of the Clerk of Court for Horry County, South Carolina. Any such amendment shall expressly submit the Phases to all of the provisions of this Master Deed and By-Laws made a part hereof as either or both may be amended. Upon the exercise, if any, of this right or option, the provisions of this Master Deed and all exhibits thereto shall then be construed and understood as embracing Phase I (the basic "property" herein defined) and the Future Phases, together with all improvements then or thereafter constructed. Should the Grantor fail to exercise its right or option within the time specified herein, then in that event, said option shall expire and be of no further force or effect.

IX. NO REPRESENTATION AS TO FUTURE PHASES. The Grantor

shall be under no obligation to construct or submit Future Phases. Developer reserves the right to make changes in the style and/or configuration of all future buildings. This would include the possibility of adding townhouses, cluster homes and/or single family homes with condominium-style ownership.

Phase I and each additional phase, as constructed and submitted, shall constitute the entirety of the Regime and the Regime, the Association and the Owners shall not acquire any rights as to any properties not depicted thereon.

The "Plat", "Plot Plan", "Floor Plans", and all other exhibits attached hereto, incorporated herein and/or associated herewith which depict or refer to any Future Phase which has not been made a part hereof by amendment as herein provided shall be of no force or effect until such phase has been incorporated herein by amendment. No such "Plat", etc., shall constitute a warranty or representation that any additional phase will be constructed or submitted or that any amenity not shown on the phase actually constructed and submitted is or will be constructed or submitted.

X. NAME. The name by which the Regime shall be known as THE YACHT CLUB AT LIGHTKEEPERS VILLAGE HORIZONTAL PROPERTY REGIME.

XI. DECLARATION OF RESTRICTIVE AND PROTECTIVE COVENANTS AND AGREEMENT AND EASEMENT GRANTS. The Units and Common Elements shall be and the same are hereby declared to be subject to the restrictions, easements, conditions, and covenants prescribed and established herein governing the use of said Units and Common Elements, and setting forth the obligations and responsibilities incident to ownership of each Unit and its appurtenant undivided interest in the Common Elements, and said Units and Common Elements are further declared to be subject to the restrictions, easements, conditions, and limitations now of record affecting the land and improvements of the Regime.

XII. RESTRICTION AGAINST FURTHER SUBDIVIDING OF UNITS AND SEPARATE CONVEYANCE OF COMMON ELEMENTS, ETC. No Unit may be divided or subdivided into a smaller unit, or smaller units, than as described herein; nor shall any Unit, or portion thereof, be added to or incorporated into any other Unit without the written consent of Grantor or the Board of Directors of the Association. The undivided interest in the Common Elements declared to be an appurtenance to each Unit shall not be conveyed, devised, encumbered, or otherwise dealt with separately from said Unit; and the undivided interest in Common Elements appurtenant to each Unit shall be deemed conveyed, devised, encumbered, or otherwise included with the Unit even though such undivided interest is not expressly mentioned or described in the instrument conveying,

devising, encumbering, or other instrument which purports to affect the conveyance, devise, or encumbrance; or which purports to grant any right, interest, or lien in, to, or upon a Unit, shall be null, void and of no effect insofar as to the same purports to affect any interest in a Unit and its appurtenant undivided interest in the Common Elements; unless the same purports to convey, devise, encumber, or otherwise trade or deal with the entire Unit. Any instrument conveying, devising, encumbering, or otherwise dealing with any Unit, which describes said Unit by the Unit number assigned thereto herein, without limitation or exception, shall be deemed and construed to affect the entire Unit and its appurtenant undivided interest in the common elements. Nothing herein contained shall be construed as limiting or preventing ownership of any Unit and its appurtenant undivided interest in the Common Elements by more than one person or entity as tenants in common, joint tenants, or as tenants by the entirety.

XIII. PERPETUAL NON-EXCLUSIVE EASEMENT IN COMMON ELEMENTS.
The Common Elements shall be and the same are hereby declared to be subject to a perpetual non-exclusive easement in favor of all the Owners for their use and the use of their immediate guests, licensees, and invitees for all proper and normal purposes, for the furnishing of services and facilities for which the same are reasonably intended, and for the enjoyment of said Owners. Notwithstanding anything above provided in this article, the Association shall have the right to establish the rules and regulations pursuant to which the Owners may use and enjoy the Common Elements.

XIV. EASEMENT FOR UNINTENTIONAL NON-NEGLIGENT ENCROACHMENTS.
In the event that any Unit shall encroach upon any Common Elements or upon any Unit for any reason not caused by the purposeful or negligent act of the Unit Owner, then an easement appurtenant to such Unit shall exist for the continuance of such encroachment of the Unit upon the Common Elements or upon the other Units so long as such encroachment shall naturally exist; and, in the event that any portion of the Common Elements shall encroach upon any Unit, then an easement shall exist for the continuance of such encroachment of the Common Elements into any Unit for so long as such encroachment shall naturally exist.

XV. RESTRAINT UPON SEPARATION AND PARTITION OF COMMON ELEMENTS. Recognizing that the proper use of a Unit by any Owner is dependent upon the use and enjoyment of the Common Elements, in common with the Owners of all other Units, and that it is in the best interest of all Owners that the ownership of the Common Elements be retained in common by the Owners, it is declared that the percentage of the undivided interest in the Common Elements appurtenant to each Unit shall remain undivided, and no Owner shall bring or have any right to bring any action for partition or division.

XVI. EASEMENT FOR AIR SPACE. The Owner of each Unit shall have an exclusive easement for the use of the air space occupied by said unit as exists at any particular time, and as said Unit may be lawfully altered or reconstructed from time to time, which easement shall be terminated automatically in any air space which is vacated from time to time.

XVII. ADMINISTRATION OF THE REGIME. To effectively and efficiently provide for the administration of the Regime by the Owners, a non-profit corporation has been formed (herein the "Association"), and said Association shall administer the operation and management of the Regime and undertake and perform all acts and duties incident thereto in accordance with the terms, provisions, and conditions of this Master Deed, its Declaration and Petition of Incorporation, and its By-Laws. A true copy of the Declaration and Petition of Incorporation and By-Laws of said Association are annexed hereto and expressly made a part hereof as Exhibits "H" and "I" respectively. Each Owner shall automatically become a member of the Association upon acquisition of an ownership interest in any Unit and the membership of such Owner shall terminate automatically upon the Owner being divested of such ownership regardless of the means by which such ownership may be divested. No person, firm, or corporation holding any lien, mortgage or other encumbrance on any interest in a Unit shall be entitled by virtue of such to membership in the Association, or to any other rights or privileges of such membership. In the administration of the operation of the management of the Regime, the Association shall have and is hereby granted the authority and power to enforce the provisions of this Master Deed, levy and collect assessments in the manner hereinafter provided, and to adopt, promulgate, and enforce such rules and regulations governing such use of the Units and Common Elements as the Association may deem to be in the best interest of the Regime.

XVIII. RESIDENTIAL AND RECREATIONAL USE RESTRICTION APPLICABLE TO THE UNITS.

(1) CONDOMINIUM UNITS. Each Condominium Unit is hereby restricted to use as a residence by the Owner, guests, and lessees; provided, however, that so long as the Grantor shall retain any interest in the ownership of a Unit, it may utilize a Unit or Units of its choice from time to time, for sales offices, models, construction office or other usage for the purpose of constructing and selling the Units in said Regime. Grantor may also have separate temporary offices for a sales office and construction office. Further, so long as Grantor retains any ownership in a Unit, Grantor shall have the right to maintain rent free a sales and rental office in the shipstore. Further still, Grantor may assign this commercial usage right to such other person or entities as it may choose; provided, however, that when all Units have been sold, this right of commercial usage shall immediately cease. The shipstore shall not be restricted and

commercial usage may be made of said property.

An Owner may not lease a Condominium Unit for a term of less than three (3) months without the written consent of Grantor, or when control of the Regime is transferred to the Association, of the Board of Directors of said Association; except, however, the Developer reserves the right to lease or otherwise use any unit for a term of less than three (3) months, for marketing purposes, including the housing of guests, purchasers and prospective purchasers.

No Condominium Unit shall be "time-shared", nor shall any Unit be owned, used or operated in violation of the statutory provisions regulating Vacation Time Sharing Plans, S.C. Code Ann. sections 27-32-10 et seq. (1983 Supp.), as the same may be amended from time to time, nor shall any Unit be owned, used or operated so as to constitute such Unit as a "time-sharing" unit, within the meaning of such statutory provisions, without the express written consent of Grantor, its successors and assigns. However, this shall not act as a prohibition against the sale of partnership interests by the Grantor or an Owner.

No "For Sale", "For Rent", or similar signs shall be permitted on any Common Element or in any Unit so as to be visible from any Common Element or public or private street or area.

All draperies, blinds, or other window coverings on a window facing the exterior of any Unit and visible from any Common Element or public or private street or area shall be lined with a color to be approved by Grantor with the said color lining exposed to the exterior of the Unit.

No animal, livestock, or fowl shall be kept or maintained in or on any part of the Unit or Common Elements except one small domestic animal which may be kept thereon as a pet for the pleasure and use of the Owner but not for any commercial use or purpose. All animals must be kept on a leash when they are outside the Unit and must not become a nuisance to other residents by barking or other acts. Non-owners (e.g. renters, lessees or guests) may not keep any pets in or on any part of the Unit or Common Elements without prior written approval of the Board of Directors of the Association.

(2) BOAT SLIPS. Each Boat Slip is hereby restricted to recreational use as the moorage for a boat by the Owner, guests and lessees. No persons may live aboard a boat or vessel on a "permanent or semi-permanent" basis or use a boat or vessel as their residence, without the express written consent of Grantor or the Board of Directors, as further elaborated in the RULES AND REGULATIONS OF THE MARINA AT THE YACHT CLUB AT LIGHTKEEPERS VILLAGE as described on Exhibit "J" attached. As used herein "permanent or semi-permanent" shall be defined as a period exceeding 72 hours in any given week. Since it is the intention of this provision to preclude use of a boat or vessel as a living

quarters or residence without the express written consent of Grantor or the Board of Directors, Grantor and the Board of Directors reserve the right to interpret and enforce this provision, in their sole discretion, so as to give full effect to its intent.

No boat or vessel may be docked or kept in The Yacht Club at Lightkeepers Village marina or harbour area unless it is a properly licensed vessel in good operating condition with all necessary operating and safety equipment on board. No commercial boat or vessel may be docked without consent of Grantor or the Board of Directors. The foregoing provisions shall not prevent the Grantor or assigns from using any reasonable boat or vessel, including a commercial boat or vessel, for the purpose of marketing units or boat slips at The Yacht Club at Lightkeepers Village.

Grantor or the Board of Directors may disallow the docking of any boat or vessel which in its sole discretion is not an appropriate boat or vessel because of its appearance, condition, safety, odor, noise, use, or other reasonably unacceptable factor which detracts from the use and enjoyment of the The Yacht Club at Lightkeepers Village marina and harbour area by other owners. No boat or engine repairs other than nominal repairs which can be completed in a few minutes can be made in the marina or harbour area. Repairs other than those which can be completed in a few minutes may be made in the marina or harbour area provided Owner obtains a permit for same from Grantor, the Board of Directors, or other committee designated by the Association. The granting or denial of such permits is within the sole discretion of Grantor, the Board, or any committee designated for this purpose.

An owner may not lease a boat slip for a term of less than three (3) months without the consent of the Grantor or the Board of Directors of the Association. The owner of a boat slip must notify the Grantor, the Board, or the Association Manager before a boat slip lease becomes effective and provide any reasonable information needed regarding the lessee's name, address, and boat description.

The use of "For Sale", "For Rent", or other similar signs on a Boat Slip, boat or vessel docked in a Boat Slip, and in the marina or harbour areas shall be regulated by Grantor or the Board.

No animal, livestock, or fowl shall be kept or maintained in or on any part of the Boat Slip, marina, harbour area, or boat or vessel moored or located therein.

XIX. USE OF COMMON ELEMENTS SUBJECT TO RULES OF ASSOCIATION.
The use of the Common Elements by the Owners and all parties

authorized to use the same, shall be at all times subject to such reasonable rules and regulations as may be prescribed and established governing such use, or which may hereafter be prescribed and established by the Association. The initial rules and regulations for the Marina are attached hereto as Exhibit "J".

Traffic regulations on all roads and streets within the Regime will be enforced under the provisions of the South Carolina Uniform Act for regulating traffic to private roads. A speed limit of 15 MPH is established on all roads and streets and all traffic control signs, including but not limited to speed limit, stop, directional and no parking signs will be enforced.

No parking shall be permitted on any Common Elements except in designated improved parking areas. Only conventional passenger cars, vans, and pickup trucks shall be allowed to park in the passenger vehicle parking areas, and these vehicles must be licensed, operative and maintained in a reasonably attractive condition. The Board of Directors or its appointed committee may disallow the parking of any vehicle which in its sole discretion is not well maintained as to its appearance. All vehicles must be reasonably quiet at all times, must not emit large amounts of smoke or odors, nor make use of loud horns, bells, whistles, radios, speakers, or other devices. The Board of Directors or its appointed committee must approve the parking or storage of any other type of vehicle or trailer and any such approved parking or storage shall be allowed only in the area designated for such parking or storage, except that a Boat Slip shall be used as moorage for a boat.

No stripped, partially wrecked, disabled or junk motor vehicle, or part thereof, shall be permitted to be parked or kept on any Regime property.

No junk, debris, towels, laundry or materials of any kind shall be stored on Regime property outside of any approved enclosed structure or in a manner that is visible from any other Unit, common area, street, easement or amenity area.

XX. REGIME TO BE USED FOR LAWFUL PURPOSES, RESTRICTIONS AGAINST NUISANCES, ETC. No immoral, improper, offensive, or unlawful use shall be made of any Unit or Common Elements, nor any part thereof; and all laws, zoning ordinances, and regulations of all governmental authorities having jurisdiction of the Regime shall be observed. No Owner shall permit or suffer anything to be done or kept in his Unit, or on the Common Elements, which will increase the rate of insurance on the Regime, or which will obstruct or interfere with the rights of other occupants of the building, or annoy them by unreasonable noises; nor shall any such Owner undertake any use or practice which will create and constitute a nuisance to any other Owner or which interferes with the peaceful possession and proper use of any Unit or the Common

Elements.

XXI. RIGHT OF ENTRY INTO UNITS IN EMERGENCIES. In case of any emergency originating in or threatening any Unit, regardless of whether the Owner is present at the time of such emergency, the Board or any person authorized by it shall have the right to enter such Unit for the purpose of remedying or abating the cause of such emergency, and such right of entry shall be immediate; and to facilitate entry in the event of any such emergency, each Owner, if required by the Association, shall deposit under the control of the Association a key to such Unit.

XXII. RIGHT OF ENTRY FOR MAINTENANCE OF COMMON ELEMENTS. Whenever it is necessary to enter any Unit for the purpose of performing any maintenance, alteration, or repair to a portion of the Common Elements, the Owner shall permit other Owners or their representatives, or the duly constituted and authorized agent of the Association, to enter such Unit, provided that such entry shall be made only at reasonable times and with reasonable advance notice.

XXIII. LIMITATION UPON RIGHT OF OWNERS TO ALTER AND MODIFY UNITS. No Owner shall permit there to be made any structural modifications or alterations to a Unit without first obtaining the written consent of the Association, which consent may be withheld in the event that a majority of the Board determine, in their sole discretion, that structural modifications or alterations would affect or in any manner endanger the building in part or in its entirety. If the modification or alteration desired by the Owner involves the removal of any permanent interior partition, the Board shall have the right to permit such removal so long as the permanent interior partition to be removed is not a load bearing partition, so long as the removal thereof would in no manner affect or interfere with the provision of utility services constituting Common Elements located therein. No Owner shall cause any balcony, porch, or patio abutting his Unit to be closed, or cause any improvements or changes to be made on the exterior of the building, including painting or other decoration, or the installation of electrical wiring, television antenna, machines, or air conditioning units which may protrude through the walls or roof of the building, or in any manner change the appearance of any portion of the building not within the walls of such Unit, nor shall storm panels or awnings be affixed without the written consent of the Association being first obtained.

XXIV. RIGHT OF ASSOCIATION TO ALTER AND IMPROVE COMMON ELEMENTS AND ASSESSMENT THEREFOR. The Association shall have the right to make, or cause to be made, such alterations or improvements to the Common Elements which do not prejudice the rights of the Owner of any Unit; provided the making of such alterations and improvements are approved by the Board, and the costs of such alterations or improvements shall be assessed as

common expense to be assessed and collected from all of the Owners. However, where any alterations and improvements are exclusively or substantially exclusively for the benefit of the Owner of a Unit or a category of Owners requesting the same, then the costs of such alterations and improvements shall be assessed against and collected solely from the Owner of the Unit or a category of Owners exclusively or substantially exclusively benefitted, the assessment to be levied in such proportion as may be determined by the Board.

XXV. MAINTENANCE AND REPAIR BY OWNERS OF UNITS. Every Owner must perform promptly all maintenance and repair work within his Unit which, if omitted, would affect the Regime in its entirety or in a part or Units belonging to other Owners, being expressly responsible for the damages and liability which his failure to do so may engender. The Owner of each Unit shall be liable and responsible for the maintenance, repair, or replacement, as the case may be, of all air conditioning and heating equipment, stoves, refrigerators, fans, or other appliances or equipment, including any fixtures and/or their connections required to provide water, light, power, telephone, sewage, and sanitary service to his Unit, and which may now or hereafter be situated in his Unit. Such Owner shall further be responsible and liable for maintenance, repair, and replacement of any and all window glass, screens, wall, ceiling, and floor, exterior services, painting, decorating, furnishings, and all other accessories which such Owner may desire to place or maintain in his Unit. Wherever the maintenance, repair, and replacement of any items, which the Owner of a Unit is obligated to maintain, repair, or replace at his own expense, is occasioned by any loss or damage which may be covered by any insurance maintained by the Association, the proceeds of the insurance received by said Association, or the insurance trustee hereinafter designated, shall be used for the purpose of making such maintenance, repair, or replacement except that the Owner of such unit shall be in said instance required to pay such portion of the cost of such maintenance, repair, or replacement as shall, by reason of the applicability of any deductibility portion of such insurance, exceed the amount of the insurance proceeds applicable to such maintenance, repair, or replacement.

XXVI. MAINTENANCE AND REPAIR OF COMMON ELEMENTS BY THE ASSOCIATION. The Association, at its expense, shall be responsible for the maintenance, except as noted herein, repair, or replacement of all of the Common Elements, including those portions thereof which contribute to the support of the building and all conduits, ducts, plumbing, wiring, and other facilities located in the Common Elements for the furnishing of utility services for the Units and said Common Elements, and should any incidental damage be caused to any Unit by virtue of any work which may be done or caused to be done by the Association in the maintenance, repair, or replacement of any Common Elements, the said Association shall, at its expense, repair such incidental

damage.

XXVII. PERSONAL LIABILITY AND RISK OF LOSS OF OWNER OF UNIT AND SEPARATE INSURANCE COVERAGE. The Owner of each Unit may, at his own expense, obtain insurance coverage for loss of or damage to any furniture, furnishings, personal effects, boats, and other personal property belonging to such Owner and may, at his own expense and option, obtain insurance coverage against personal liability for injury to the person or property of another while within such Owner's Unit or upon the Common Elements. All such insurance obtained by the Owner of each Unit shall, wherever such provisions shall be available, provide that the insurer waives its right of subrogation as to claims against other Owners of Units, the Association, and respective servants, agents, and guests of other Owners in the Association; and such other insurance coverage should be obtained from the insurance company from which said Association obtains coverage against the same risk, liability, or peril, if said Association has such coverage. Risk, or loss of, or damage to any of the furniture, furnishings, personal effects, and other personal property (other than such furniture, furnishings, and personal property as constitutes a portion of the Common Elements) belonging to or carried on the person of the Owner of each Unit, or which may be stored in any Unit, or in, to, or upon Common Elements, shall be borne by the Owner of each such Unit. All furniture, furnishings, or personal property constituting a portion of the Common Elements and held for the joint use and benefit of all Owners of all Units shall be covered by such insurance as shall be maintained in force and effect by the Association, as hereinafter provided. The Owner of a Unit shall have no personal liability for any damages caused by the Association or in connection with the use of the Common Elements. The Owner of a Unit shall be liable for injuries or damage resulting from an accident in his own Unit to the same extent and degree that the Owner of a house would be liable for an accident occurring within the house.

XXVIII. INSURANCE COVERAGE TO BE MAINTAINED BY ASSOCIATION; INSURANCE TRUSTEE, APPOINTMENT AND DUTIES; APPROVAL OF INSURERS BY INSTITUTIONAL LENDER; USE AND DISTRIBUTION OF INSURANCE PROCEEDS, ETC.. The following insurance coverage shall be maintained in full force and effect by the Association covering the operation and management of the Regime and the said Regime, meaning the Units and Common Elements, to wit:

(1) Casualty insurance covering all of the Units and Common Elements in amount equal to the maximum insurance replacement value thereof, exclusive of excavation and foundation costs, as determined annually by the Association, such coverage to afford protection against loss, or damage by fire, or other hazards covered by the standard extended coverage, or other perils, endorsements, and such other risks of a similar or dissimilar nature as are or shall be customarily covered with-

respect to buildings, similar in construction, location and use to the Regime, including but not limited to vandalism, malicious mischief, windstorm, water damage, and war risk insurance, if available.

(2) Public liability and property damage insurance in such amounts and in such form as shall be required by the Association to protect said Association and the Owners of all Units including but not limited to water damage, legal liability, hired automobile, non-owned automobile, and off-premises employee coverage.

(3) Workmen's compensation insurance to meet the requirements of law.

(4) Such other insurance coverage, other than title insurance, as the Board of Directors of the Association, in its sole discretion, may determine from time to time to be in the best interest of said Association and the Owners of all of the Units, or as an institutional-type lender may reasonably require so long as it is the Owner of a mortgage on any Unit.

All liability insurance maintained by the Association shall contain cross-liability endorsements to cover liability of all Owners of Units as a group to each Owner. All insurance coverage authorized to be purchased shall be purchased by the Association for itself and for the benefit of all Owners of all Units. The cost of obtaining the insurance coverage authorized above is declared to be a common expense, as are any other fees and expenses incurred, which may be necessary or incidental in carrying out the provisions hereof. If deemed desirable or required by holder of any mortgage on any Unit, the Association shall have the right to designate any insurance trustee, and all parties beneficially interested in such insurance coverage shall be bound hereby.

In the event of the loss of or damage only to Common Elements, real or personal, which loss or damage is covered by the casualty insurance, the proceeds paid to cover such loss or damage shall be applied to the repair, replacement, or reconstruction of such loss or damage. If the insurance proceeds are in excess of the cost of repair, replacement or reconstruction of such Common Elements, then such excess insurance proceeds shall be paid to the Owners of all of the Units and their respective mortgagees, the distribution to be solely made to the Owner of each Unit and his respective mortgagee or mortgagees, as their interest may appear, in such proportion that the share of such excess insurance proceeds paid to the Owner of each Unit and his mortgagee or mortgagees, if any, shall bear the same ratio to the total excess insurance proceeds as does the undivided interest in Common Elements appurtenant to each Unit bear to the total undivided interest in Common Elements appurtenant to all Units. If it

appears that the insurance proceeds covering the casualty loss or damage are not sufficient to pay for the loss or damage; replacement or reconstruction of the loss or damage; or that the insurance proceeds when collected will not be so sufficient, then the Association shall add to the proceeds such sum as will enable it to completely pay for the repair, replacement or reconstruction of any loss or damage, as the case may be. The monies added by the Association, in said latter event, may be paid by said Association out of its reserve for replacements fund; and if the amount in such reserve is not sufficient, then said Association shall levy and collect an assessment against the Owners of all Units in an amount which shall provide the funds required to pay for said repair, replacement or reconstruction.

In the event of the loss of or damage to Common Elements and any Units which loss or damage is covered by the casualty insurance, the proceeds paid to cover such loss or damage shall be first applied to the repair, replacement, or reconstruction, as the case may be, of Common Elements, real or personal and then any remaining insurance proceeds shall be applied to the repair, replacement, or reconstruction of any Units which may have sustained any loss or damage so covered. If the insurance proceeds are in excess of the costs of the repair, replacement, or reconstruction of the Common Elements and the Units which have sustained loss or damage, the insurance proceeds shall be paid and distributed to the Owners of all Units and to their mortgagee or mortgagees, as their respective interests may appear, such distribution to be made in the manner and in the proportions as are provided hereinbefore. If it appears that the insurance proceeds covering the casualty loss or damage are not sufficient to pay for the repair, replacement, or reconstruction of the loss or damage; or that the insurance proceeds when collected will not be so sufficient; then the Board of Directors shall determine and allocate the costs of repair, replacement, or reconstruction between the Common Elements and the Units sustaining any loss or damage. If the proceeds of said casualty insurance are sufficient to pay for the repair, replacement, or reconstruction of any loss or damage to Common Elements, but should the same not be sufficient to repair, replace, or reconstruct any loss of or damage to any Units, then the Association shall levy and collect an assessment from the Owner or Owners of Units sustaining any loss or damage; and the assessment so collected from said Owners shall be deposited so that the sum on deposit shall be sufficient to completely pay for the repair, replacement, or reconstruction of all Common Elements and Units. In said latter event, the assessment to be levied and collected from the Owners of each Unit sustaining any loss or damage shall be proportioned between such Owners in such manner that the assessment levied against each Owner of a Unit shall bear the same proportion to the total assessment levied against all of said Owners of Units sustaining loss or damage as does the cost of repair, replacement, or reconstruction of each Owner's Unit bear to the cost applicable to

all of said Units sustaining loss or damage. If the casualty insurance proceeds payable, in the event of loss of or damage to Common Elements and Unit or Units, is not in an amount which will pay for the complete repair, replacement, or reconstruction of the Common Elements; it being recognized that such insurance proceeds are to be first applied to the payment of repair, replacement, or reconstruction of said Common Elements before being applied to the repair, replacement, or reconstruction of a Unit or Units, then the cost to repair, replace, or reconstruct said Common Elements in excess of available casualty insurance proceeds shall be levied and collected as would an assessment from all of the Owners of all Units in the same manner as would such assessment be levied and collected had the loss or damage sustained been solely to Common Elements and the casualty insurance proceeds been not sufficient to cover the costs of repair, replacement, or reconstruction; and the costs of repair, replacement, or reconstruction of each Unit or Units sustaining loss or damage shall then be levied and collected by assessment of the Owner or Owners of Unit or Units sustaining the loss or damage in the same manner as above provided for the apportionment of such assessment between the Owner or Owners of a Unit or Units sustaining such loss or damage. In the event of loss of or damage to property covered by such casualty insurance, the Association shall, within sixty (60) days after any such occurrence, obtain reliable and detailed estimates of the costs to replace the damaged property in condition as good as that before such loss or damage; such estimates to contain and include the costs of any professional fees and premium for such bond as the Board of Directors of the Association may deem to be in the best interest of the membership of said corporation. Wherever it shall appear that the insurance proceeds payable for such loss or damage will not be sufficient to defray the costs of repair, replacement, or reconstruction thereof, the additional monies required to pay for such repair, replacement, or reconstruction of said loss or damage, whether to be paid by all of the Owners of Units or only by the Owner or Owners of any Unit or Units sustaining loss or damage or both, shall be deposited with the Board of Directors not later than thirty (30) days from the date of which said Board shall receive the monies payable under the policy or policies of casualty insurance.

In the event of the loss of or damage to personal property belonging to the Association, the insurance proceeds shall be paid to said Association. In the event of the loss of or damage to personal property constituting a portion of the Common Elements, and should the Board of Directors of said Association determine not to replace such personal property as may be lost or damaged, then the insurance proceeds received by the Board shall be paid to all of the

Owners of all of the Units and their respective mortgagee or mortgagees, as their interest may appear, in the manner and proportions hereinbefore provided for the distribution of excess

insurance proceeds.

XXIX. APPORTIONMENT OF TAX OR SPECIAL ASSESSMENT IF LEVIED AND ASSESSED. In the event that any taxing authority having jurisdiction over the Regime shall levy or assess any tax or special assessment against the Regime, as a whole, as opposed to levying and assessing such tax or special assessment against each individual Unit and its appurtenant undivided interest in Common Elements, as now provided by Section 27-31-260 of the Horizontal Property Act of the Code of Laws of South Carolina, 1976, then such tax or special assessment so levied shall be paid as common expense by the Association; any taxes or special assessments which are to be levied are to be included, wherever possible, in the estimated annual budget of said Association or shall be separately levied and collected as an assessment by said Association against all of the Owners of all Units and said Units if not included in said annual budget. The amount of any tax or special assessment paid, or to be paid by the Association, in the event that such tax or special assessment is levied against the Regime, as a whole, instead of against each separate Unit and appurtenant undivided interest in the Common Elements, shall be apportioned among all Units so that the amount of such tax or special assessment so paid or to be paid by said Association and attributable to and to be paid by the Owner or Owners of each Unit shall be that portion of such total tax or special assessment which bears the total undivided interest in Common Elements appurtenant to all Units. In the event that any tax or special assessment shall be levied against the Regime in its entirety, without apportionment by the taxing to the Units and appurtenant undivided interest in Common Elements, then the assessment by said Association, which shall include the proportionate share of such tax or special assessment attributed to each Unit and its appurtenant undivided interest in Common Elements, shall separately specify and identify the amount of such assessment attributable to such tax or special assessment; and the amount of such tax or special assessment so designated shall be and constitute a lien prior to all mortgages and encumbrances upon any Unit and its appurtenant undivided interest in Common Elements, regardless of the date of the attachment and/or recording of such mortgage or encumbrance, to the same extent as though such tax or special assessment had been separately levied by the taxing authority upon each Unit and its appurtenant undivided interest in Common Elements.

All personal property taxes levied or assessed against personal property owned by the Association shall be paid by said Association and shall be included as a common expense in the annual budget of the Association.

XXX. ASSOCIATION TO MAINTAIN REGISTRY OF OWNERS AND MORTGAGEES. The Association shall at all times maintain a register setting forth the names of Owners of the Units; and in

the event of the sale or transfer of any Unit to a third party, the purchaser or transferee shall notify said Association in writing of his interest in such dwelling together with such recording information as shall be appurtenant to identify the instrument by which such purchaser or transferee has acquired his interest in any Unit. Further, the Owner of each Unit shall at all times notify the Association of the names of the parties holding any mortgage or mortgages on any Unit, the amount of such mortgage or mortgages, and the recording information which shall be appurtenant to identifying the mortgage or mortgages. The holder of any mortgage or mortgages on any Unit may, if he so desires, notify the Association of the existence of any mortgage or mortgages held by such party on any Unit; and upon receipt of such notice, the Association shall register in its records all pertinent information pertaining to the same.

XXXI. ASSESSMENTS. The Association is given the authority to administer the operation and management of the Regime, it being recognized that the delegation of such duties to one entity is in the best interest of the Owners. To properly administer the operation and management of the Regime, the Association will incur for the mutual benefit of all Owners common expenses and for the benefit of some Owners limited common expenses. To provide funds necessary for such proper operation and management, the Association has heretofore been granted the right to make, levy, and collect assessments against the Owners and the Units. In furtherance of said grant of authority to the Association to make, levy, and collect assessments to pay the costs and expenses for the operation and management of the Regime, the following provisions shall be operative and binding upon the Owners, to wit:

(1) Whereas the Regime has two categories of Owners, being the Condominium Unit Owners and the Boat Slip Owners, to assess all common expenses against all Owners would be unfair since some of the Common Elements are of no benefit or usage by one category or the other. These expenses which are peculiar to one category of Owners are herein referred to as "limited common expenses."

The limited common expenses which are assessable against the Boat Slip Owners are all expenses which involve the repair, replacement or maintenance of all Common Elements located within the Marina, which is defined as that area encompassed by and including the bulkhead.

The limited common expenses which are assessable against the Condominium Unit Owners are all expenses involving the repair, replacement or maintenance of the buildings which contain the Condominium Units.

(2) All assessments for common expenses levied against the Owners and Units, shall be uniform; all assessments for

limited common expenses shall be uniform within the category of Owners against which it is assessed whether Condominium Unit Owners and Boat Slip Owners, and unless specifically otherwise provided for in this Master Deed, the assessments made by the Association shall be in such proportion that the amount of assessment levied against each Owner and his Unit shall bear the same ratio to the total assessment made against all Owners, and their Units, as does the undivided interest in the Common Elements appurtenant to each Unit bear to the total undivided interest in the Common Elements appurtenant to all Units. Should the Association be the Owner of any Unit, the assessment which would otherwise be due and payable to the Association by the Owner of such Unit reduced by an amount of income which may be derived from the leasing of such Unit or Units of the Association shall be apportioned, and assessment therefore levied ratably among the Owners of all Units which are not owned by the Association, based upon their proportionate interest in the Common Elements exclusive of the interest therein appurtenant to any Unit owned by the Association.

(3) The assessment levied against the Owner and his Unit shall be payable in annual, quarterly, or monthly installments or in such other installments, and in such times, as may be determined by the Board.

(4) The Board shall establish three annual budgets in advance for each fiscal year which shall correspond to the calendar year, and such budgets shall project all expenses for the forthcoming year which may be required for the proper operation, management, and maintenance of the Regime, including a reasonable allowance for contingencies and reserves; such budgets to take into account projected anticipated income which is to be applied in reduction of the amount required to be collected as an assessment each year. These three budgets shall consist of one budget for the Common Elements, and one budget for each of the Limited Common Elements--the Condominium Limited Common Elements and the Boat Slip Limited Common Elements. Upon adoption of such annual budgets by the Board, copies of said budgets shall be delivered to each Owner thereby affected and an assessment for said year shall be established based on such budgets, although the delivery of a copy of said budget to each Owner shall not affect liability of any Owner for such assessment. Should the Board at any time determine, in its sole discretion, that the assessments levied are or may prove to be insufficient to pay the costs of operation and management of the Regime, or in the event of an emergency, said Board shall have the authority to levy such additional assessment or assessments that it shall deem to be necessary.

(5) The Board in projecting said annual budgets for the operation, management, and maintenance of the Regime shall include therein a sum to be collected and maintained as a reserve fund for

replacement of Common Elements, which reserve fund shall be for the purpose of enabling the Association to replace structural elements and mechanical equipment constituting a part of the Common Elements as well as the replacement of personal property which may constitute a portion of the Common Elements held for the joint use and benefit of all of the Owners. The amount to be allocated to such reserve fund for replacement shall be established by said Board so as to accrue and maintain at all times a sum reasonably necessary to anticipate the need for replacement of said common elements. The amount collected and allocated to the reserve fund for replacements from time to time shall be maintained in a separate account by the Association; although nothing herein contained shall limit the Association from applying any monies from such reserve fund for replacement to meet other needs, or requirements of the Association in operating or managing the Regime in the event of emergencies, or in the event that the sums collected from the Owners are insufficient to meet the then fiscal financial requirements of the Association, but it shall not be a requirement that these monies be used for such latter purposes, as a separate assessment may be levied therefor, if deemed to be preferable by the Board in its sole discretion.

(6) The Board, in establishing said annual budgets for operation, management, and maintenance of the Regime shall include therein a sum to be collected and maintained as a general operating reserve which shall be used to provide a measure of financial stability during periods of special stress when such sum may be used to meet deficiencies from time to time existing as a result of a delinquent payment of assessment of Owners, or as a result of emergencies, or for other reasons placing financial stress upon the Association.

(7) All monies collected by the Association shall be treated as a separate property of the Association, and such monies may be applied by the said Association for the payment of any expense of operating and managing the Regime, or to the proper undertaking of all acts and duties imposed upon it by virtue of this Master Deed and the By-Laws, and as the monies for any assessment are paid unto the Association by any Owner, the same may be commingled with the monies paid to the said Association by the other Owners. Although all funds and other assessments of the Association, and any increments thereto or profits derived therefrom, or from the leasing and use of the Common Elements, shall be held for the benefit of the members of the Association, who shall own any common surplus in the proportions of their percentage of undivided interest in the Regime, no member of said Association shall have the right to assign, hypothecate, pledge or in any manner transfer his membership interest therein, except as an appurtenance to his Unit.

(8) The payment of any assessment or installment thereof due to the Association shall be in default if such

assessment, or installment thereof, is not paid unto the Association, on or before the due date of such payment. When in default, the delinquent assessment or the delinquent installment thereof due to the Association shall bear interest at the rate of twelve percent (12%) per annum until such delinquent assessment or installment thereof, and all interest due thereon has been paid in full to the Association. Further, the Association shall have the right to assess a late payment fee equal to five percent (5%) of the outstanding balance on any assessment more than thirty (30) days past due.

(9) Each Owner shall be personally liable, jointly and severally, as the case may be, to the Association for the payment of all assessments, regular or special, which may be levied by the Association while Owner of a Unit in the Regime. In the event that any Owner is in default of payment of any assessment or installment thereof owed to the Association, such Owner or Owners shall be personally liable, jointly and severally, if more than one, for interest on such delinquent assessment or installment thereof as above provided, and for all costs of collecting such assessment or installment thereof and interest thereon, including a reasonable attorney's fee, whether suit be brought or not.

(10) No Owner may exempt himself of a liability for any assessment levied against such Owner and his Unit by waiver of the use or enjoyment of any of the Common Elements, or by abandonment of the Unit, or in any other manner.

(11) Recognizing that the necessity for providing proper operation and management of the Regime entails the continuing payment of costs and expenses therefor, which results in benefit to all of the Owners, and that the payment of such common expense represented by the assessments levied and collected by the Association is necessary in order to preserve and protect the investments of the Owners, the Association is hereby granted a lien upon such Unit and its appurtenant undivided interest in the Common Elements as set forth in Section 27-31-210 of the Code of Laws of South Carolina, 1976, which lien shall secure and does secure the monies due for all assessments now or hereafter levied against the Owner of each Unit, which lien shall also secure interest, if any, which may be due on the amount of any delinquent assessments owing to the Association, and which lien shall also secure all costs and expenses, including a reasonable attorney's fee, which may be incurred by the Association in enforcing this lien upon said Unit and its appurtenant undivided interest in the Common Elements. The lien granted to the Association may be foreclosed in the same manner as mortgages may be foreclosed in the State of South Carolina, and in any suit for the foreclosure of said lien, the Association shall be entitled to rental from the Owner of any Unit from the date on which the payment of any assessment or installment thereof became delinquent and shall be entitled to the appointment of a receiver for said Unit. The

of any assessments which were in default and delinquent at the time of such title subject to the lien of any assessment by the Association representing an apportionment of taxes or special assessment levied by taxing authorities against the Regime in its entirety. In the event of the acquisition of title to a Unit by a foreclosure or judicial sale, the assessment or assessments as to which the party so acquiring title shall not be liable shall be absorbed and paid by all Owners of all Units as far as the common expenses, although nothing herein contained shall be construed as releasing the party liable for such delinquent assessment from the payment thereof that the enforcement of collection of such payment by means other than foreclosure.

(13) Whenever any Unit may be sold or mortgaged by the Owner thereof, the Association, upon written request by the Owner of such Unit, shall furnish to the proposed purchaser or mortgagee, a statement verifying the status of payment of any assessment which will be due and payable to the Association by the Owner of such Unit. Such statement shall be executed by any officer of the Association, and any purchaser or mortgagee may rely upon such statement in concluding the proposed purchase or mortgage transaction, and the Association shall be bound by such statement.

In the event that a Unit is to be sold or mortgaged at the time when the payment of any assessment against the Owner of said Unit and such Unit due to the Association shall be in default (whether or not a claim of lien has been recorded by the Association) then the proceeds of such purchase or mortgage proceeds, will be applied by the purchaser or mortgagee first to payment of any then delinquent assessment or installment thereof due to the Association before the payment of any proceeds of purchase or mortgage proceeds to the Owner of any Unit who is responsible for payment of such delinquent assessment.

In any voluntary conveyance of an Unit, the grantee shall be jointly and severally liable with the grantor for all unpaid assessments against grantor made prior to the time of such voluntary conveyance, without prejudice to the rights of grantee to recover from the grantor the amount paid by the grantee therefor.

Institution of a law suit to attempt to effect collection of the payment of any delinquent assessment shall not be deemed to be an election by the Association which shall prevent it thereafter seeking enforcement of the collection of any sums remaining owing to it by foreclosure, nor shall any proceeding by foreclosure to attempt to effect such collection be deemed to be an election precluding the institution of a law suit to attempt to effect collection of any sums then remaining owing to it.

of the Association in the absence of the President, who shall thereupon call a special meeting of the members of the Association for a date not sooner than twenty (20) days nor later than sixty (60) days from receipt by him of the proposed amendment or amendments; and it shall be the duty of the Secretary to give to each member written or printed notice of the special meeting, stating the time and place thereof, and reciting the proposed amendment or amendments in reasonable detailed form, which notice shall be mailed not less than ten (10) days nor more than thirty (30) days before the date set for such special meeting. If mailed, such notice shall be deemed to be properly given when deposited in the United States mail addressed to the member at his post office address as appears on the records of the Association, postage thereon prepaid. Any member may, by written waiver of notice signed by such member, waive such notice and such waiver, when filed in the records of the Association, whether before or after the holding of the meeting, shall be deemed equivalent to the giving of such notice to such member.

C. At such meeting, the amendment or amendments proposed must be approved by an affirmative vote of Owners owning at least two-thirds (2/3) of the Units and two-thirds (2/3) of the total interest in the Common Elements in the Regime in order for such amendment or amendments to become effective.

D. There upon such amendment or amendments of this Master Deed shall be transcribed and certified by the President and Secretary of the Association as having been duly adopted, and the original or an executed copy of such amendment or amendments so certified and executed with the same formalities as the Master Deed shall be recorded in the public records of Horry County, South Carolina, within the ten (10) days from the date on which the same became effective, such amendment or amendments to specifically refer to the recording date identifying the Master Deed. Thereafter, a copy of said amendment in the form in which the same were placed of record by the officers of the Association shall be delivered to all of the Owners of all Units and mailed to the mortgagees listed in the registry required to be maintained by delivery in mailing of a copy thereof shall not be a condition precedent to the effectiveness of such amendment or amendments.

E. At any meeting held to consider such amendment or amendments, the written vote of any member of the Association shall be recognized if such member is not in attendance at such meeting or represented thereof by proxy, provided such written vote is delivered to the Secretary of the Association at or prior to such meeting.

F. Furthermore, no amendment of this Master Deed shall be adopted which would operate to affect the validity or priority of any mortgage held by a mortgagee or which would alter, amend, or modify in any manner whatsoever the rights, powers, and

F. The failure of Grantor to enforce any right, privilege, covenant, or condition which may be granted to it by this Master Deed or other above-mentioned documents shall not constitute waiver of the right of said party to thereafter enforce such right, provision, covenant, or condition in the future.

XXXV. USE OR ACQUISITION OF INTEREST IN THE REGIME TO RENDER USER OR ACQUIRER SUBJECT TO PROVISIONS OF MASTER DEED. All present or future Owners, tenants, or other persons who might use the facilities of this Regime in any manner, are subject to the provisions of this Master Deed and all documents appurtenant hereto and incorporated herewith including, but not limited to the By-Laws and Articles of Incorporation of the Association.

The mere acquisition or rental of any Unit, or the mere act of occupancy of any Unit, shall signify that the provisions of this Master Deed and all documents appurtenant hereto and incorporated herewith are accepted and ratified in all respects.

XXXVI. RIGHT OF GRANTOR TO SELL OR LEASE UNIT OWNED BY IT AND RIGHT OF GRANTOR TO REPRESENTATION ON BOARD OF DIRECTORS OF ASSOCIATION. So long as the Grantor herein, shall own any Unit, the said Grantor shall have the absolute right to lease or sell any such Unit to any person, firm or corporation, upon any terms and conditions as it shall deem to be in its own best interest. Further, so long as Grantor is the Owner of four (4) or more Units, then Grantor shall have the right to designate and select a majority of the persons who shall serve as members of each Board of Directors of the Association. Whenever Grantor shall be entitled to designate and select any person or persons to serve on any Board of Directors of the Association the manner in which such person or persons shall be designated shall be as provided in the Articles of Incorporation and/or By-Laws of Association, and Grantor shall have the right to remove any person or persons selected by it to act and serve on said Board of Directors and to replace such person or persons with another person or other persons to act and serve in the place of any Director or Directors so removed for the remainder of the unexpired term of any Director or Directors so removed. Any Director designated and selected by the Grantor, need not be an Owner of a Unit in the Regime. The power of the Grantor to designate Directors as above referred to shall terminate on August 1, 2002.

Any representative of the Grantor, serving on the Board, shall not be required to disqualify himself upon any vote upon any management contract or other matter between Grantor and Association where the said Grantor may have a
